

# Internet Safety Top 10 Tips

1

Once you post something online, it is there for everyone to see.

2

Be nice and polite to everyone you contact online. Avoid contact with strangers.

3

Do not share your passwords with ANYONE other than your parents – not even your friends.

4

Do not provide information regarding your whereabouts online without a parent's permission.

5

Never meet someone face-to-face who you met online.

6

Do not forward any photos or images that are rude.

7

If you receive a message from someone that makes you feel upset or worried, show it to your parents or a teacher.

8

Think before you text or post because your words and images can impact your reputation and can damage your future success.

9

Conduct yourself online the way you conduct yourself in the real off-line world. If you would not say something to someone's face, do not say over email or by text.

10

The Internet is a wonderful place to find information and connect with people and friends. Surf safely and remember the three Cs...avoid **contact** with strangers, consider the **content** of your message and **conduct** yourself responsibly online.
